- **Weight:** 0.8 kg
- **Weight incl. Packaging:** 5.5 kg

### Power

- **Adaptor type:** 220V

## Product highlights

### Large backlit LCD display

### Digital tuning with presets

#### Gentle Wake

Start your day right by waking up gently to a gradually escalating alarm volume. Normal alarm sounds with a preset volume are either too low to wake you up or are so uncomfortably loud that you are rudely jolted awake. Choose to wake up to your favorite music, radio station or buzzer alarm. Gentle wake's alarm volume gradually increases from subtly low to reasonably high in order to gently rouse you.

### Repeat alarm

#### 5 one-touch radio presets

Access your favorite stations with simple one touch operation

#### Sleep Timer

Sleep timer lets you decide how long you want to listen to a radio station of your choice before falling asleep. Simply set a time limit (up to 1 hour) and choose a radio station to listen to while you drift off to sleep. The set will continue to play for the selected duration and then automatically switch off to a power-efficient, silent stand-by mode. Sleep Timer lets you fall asleep to your favorite radio DJ without counting sheep or worrying about wasting power.
